

The OSU Linux
Users Group presents:

Winter 2018 Linux InstallFest

Want to run Linux on your laptop? Need help?
Want to help others? Come to the InstallFest and
we'll help you install Linux, either replacing your
current operating system, beside your operating
system (dual boot), or in a virtual machine.
USB sticks with installers for Ubuntu and Fedora
will be provided.

When: Tuesday, January 23rd, 6-8pm

Where: Kelley Engineering room 1007

Prepare: *Back up your important files.*

Bring: Your laptop and charger.

Psst! Want more? LUG meets every Tuesday at 6pm to talk about
Linux, open source software, and technology.

Join us on Freenode IRC: **#osu-lug**
